

# How Do I Get A TV Converter Box Coupon?

After February 17, 2009, all full-power television stations will broadcast only in digital. If you use “rabbit ears” or a rooftop antenna with your analog television, you must take action to continue receiving television broadcasts. The Federal Government is offering U.S. households up to two \$40 coupons to help with the cost of certified TV converter boxes. A converter box is a one-time purchase that will allow your analog TV to work after February 17, 2009 to continue receiving television broadcasts. Certified TV converter boxes are expected to cost between \$50 and \$70. Coupons are free, but supply is limited. Coupons will be mailed to you by the Federal Government.

Applications will be accepted from January 1, 2008 until March 31, 2009. You can apply for your converter box coupons by:
